BLUE PLANET

Don't miss your chance to preview this outstanding environmental film on Sunday 17 February at 11am. (Bring your February Film Fest vouchers for admission.)

Stunning images of planet earth shown from the vantage point of space, give us a chance to see the impact of human development and climate change on this, our only home. **BLUE PLANET** is an excellent film for Geography, Science and HSE students and makes for a great Double Film partner with **SPACE STATION 3D** or **FORCES OF NATURE**.

U2 3D

Take your front row seat at this spectacular 3D concert featuring the band **U2** on their recent Vertigo tour. With 15000 watts of digital surround sound and giant images of unsurpassed size and clarity, this is one film you won't want to miss. Be sure to join MYMAX, our online email database, and check the "schools" option – There will be a chance for teachers to win tickets to **U2 3D** in coming months!! Visit www.imax.com.au/MYMAX to join now. (Rating tbc. Duration 90 mins)
